The background features a light gray upper section and a teal lower section separated by a white horizontal line. Large, faint, light gray geometric shapes, including squares and rounded rectangles, are scattered across the background. One square is in the upper left, another in the lower left, and a large rounded rectangle is on the right side, partially overlapping the teal section.

Roper klasik ormarići su izrađeni od MDF-a poznatih evropskih proizvođača (KAINDL I HALLEIN) u najvišoj klasi kvaliteta.

U proizvodnji koristimo sirovi i oplemenjeni medijapan sa melaminskim folijama visoke gramaže a svaki komad se kantuje sa sve četiri strane melaminskom ili abs trakom. Obrada se vrši na najsavremenijim CNC mašinama sa velikom preciznošću i kvalitetom izrade. Završna obrada MDF-a se radi izolantom za MDF a zatim poliesterskom podlogom koja se nanosi u više slojeva i završno farba poliuretanskom bojom visokog sjaja čime se u kombinaciji ovih boja postiže plastifikacija MDF-a koja mu obezbeđuje dugotrajnost i otpornost.

Elementi se proizvode u običajenim standardnim dimenzijama i pružaju neograničenu mogućnost kombinovanja u zavisnosti od prostora za koji su namenjeni I želja kupca. Svi proizvodi su projektovani po svetskim standardima kvaliteta i veoma su praktični i funkcionalni.
